Confirm

5. Google Authenticator (Download)

6. QR CODE

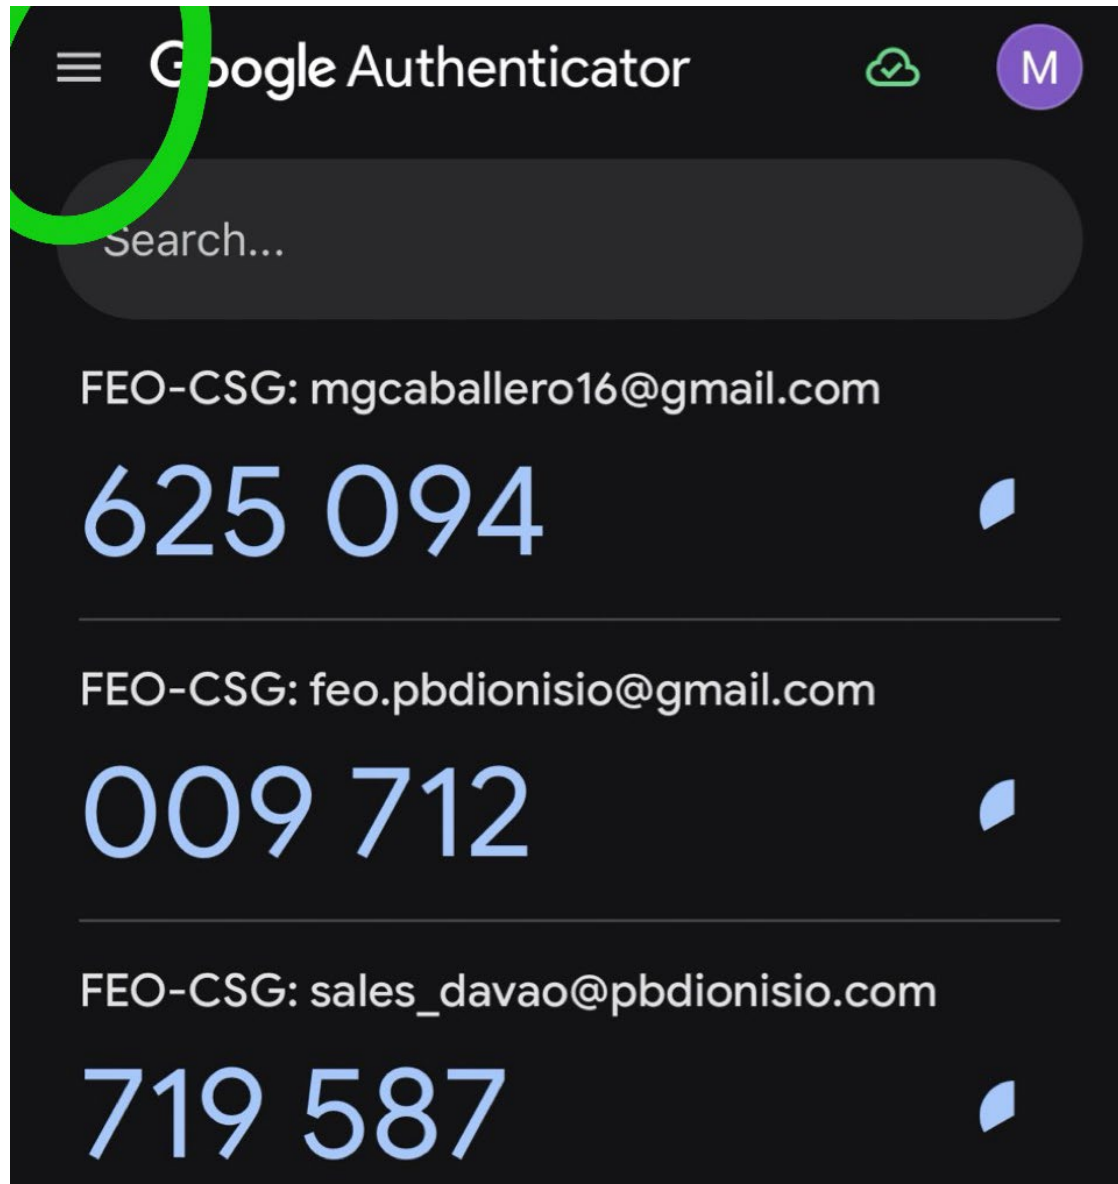

Please scan the QR Code below
using Google Authenticator Mobile
App.

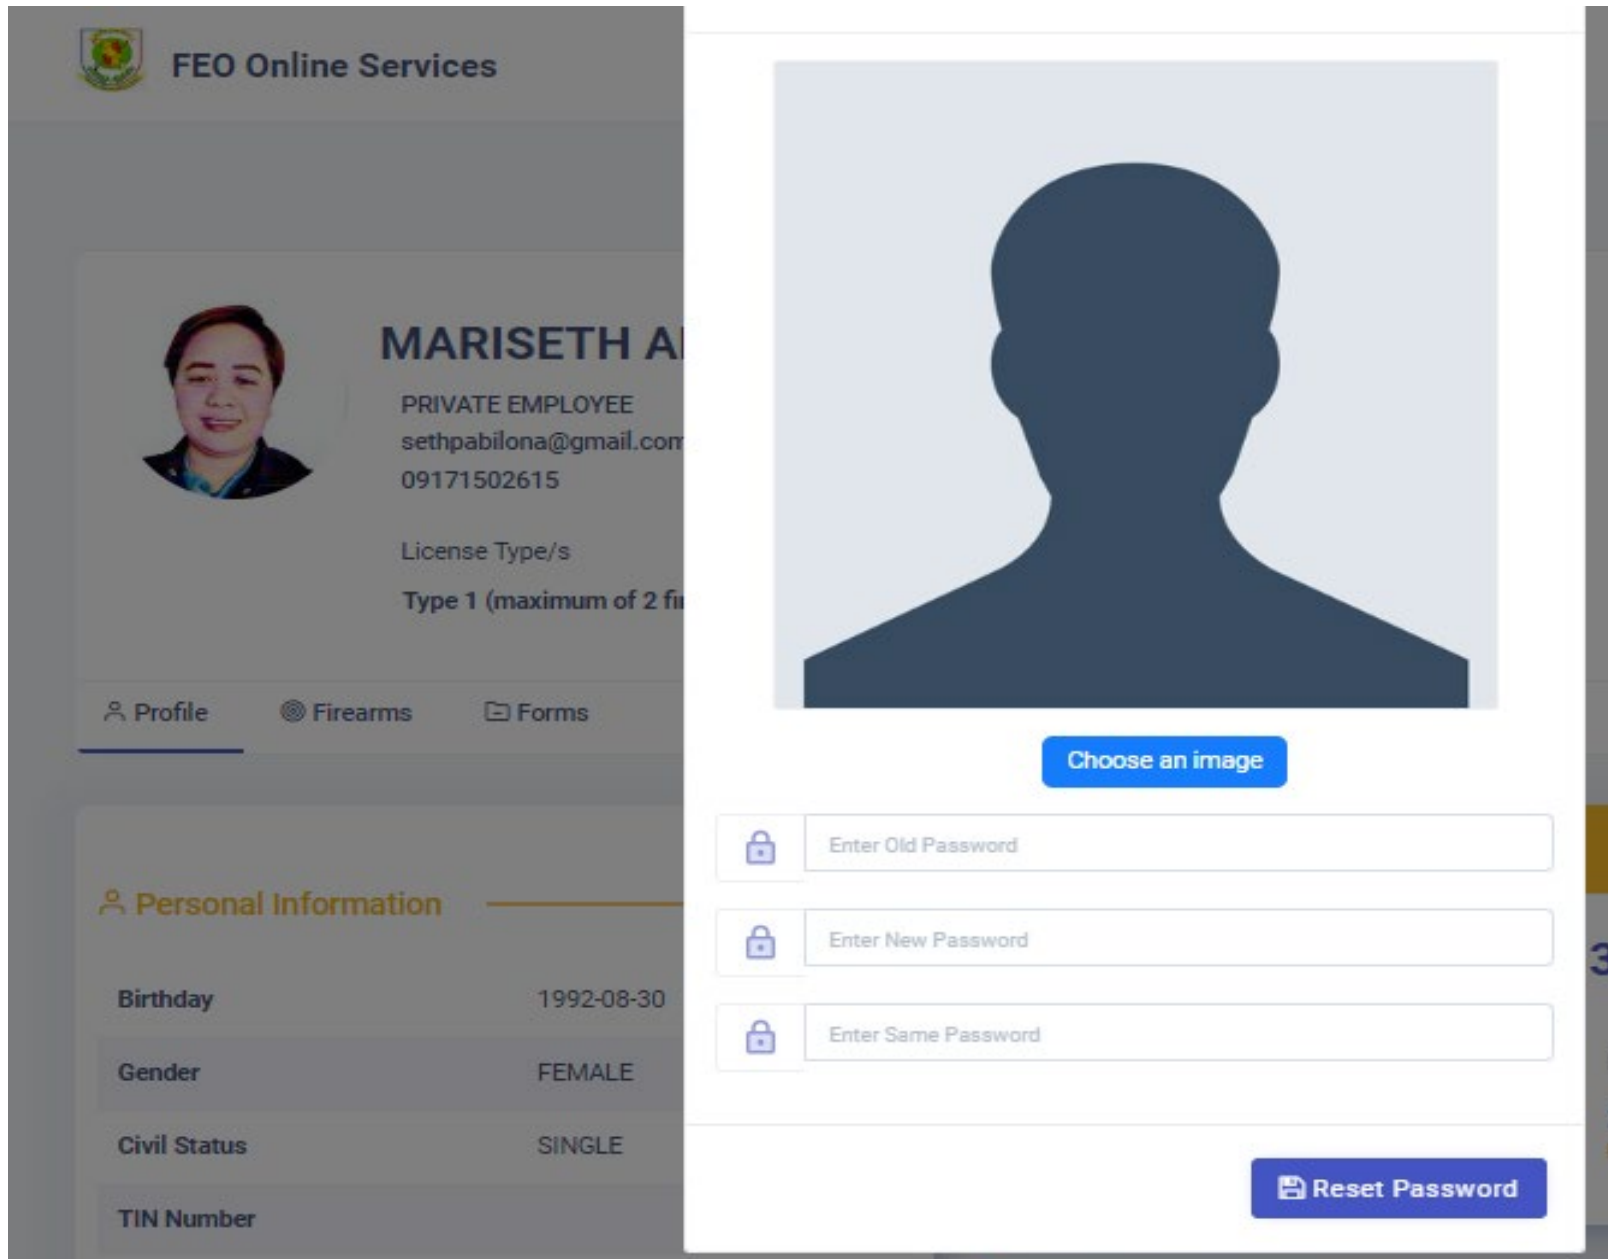

You need to set up your Google Authenticator Mobile App
before continuing. You will be unable to login otherwise.

Complete Login

7. Authenticator number

8. Change 2x2 picture/ reset password

The image shows a screenshot of the 'FEO Online Services' website. On the left, a user profile is visible for 'MARISETH A...' with details: PRIVATE EMPLOYEE, email sethpabilona@gmail.com, and phone number 09171502615. Below the profile are tabs for 'Profile', 'Firearms', and 'Forms'. A 'Personal Information' section lists: Birthday (1992-08-30), Gender (FEMALE), Civil Status (SINGLE), and TIN Number.

A modal window is open in the foreground, centered on the page. It features a large placeholder for a profile picture (a dark blue silhouette) with a 'Choose an image' button below it. Underneath the image area are three password input fields, each with a lock icon and the labels 'Enter Old Password', 'Enter New Password', and 'Enter Same Password'. At the bottom right of the modal is a blue button labeled 'Reset Password'.
